

HAUSER CB

ČESKÉ BUDĚJOVICE, CZECH REPUBLIC

Description:

HAUSER is a traditional supplier of turnkey refrigeration systems, for example in the form of refrigerated shelves, counters and freezer cabinets. Besides its headquarters in Linz, Austria, the company also operates a plant in Budweis, Czech Republic. An office building there was equipped with ceiling and floor systems from Lindner. In cooperation with the local partner Konstruktis Delta s. r. o., Lindner Plafotherm® DS 320 Type 1 metal ceilings with integrated heating and cooling functions were supplied. With regard to the floor systems, LIGNA and NORTEC raised floors were used.
